

TOOLS ON DEMAND

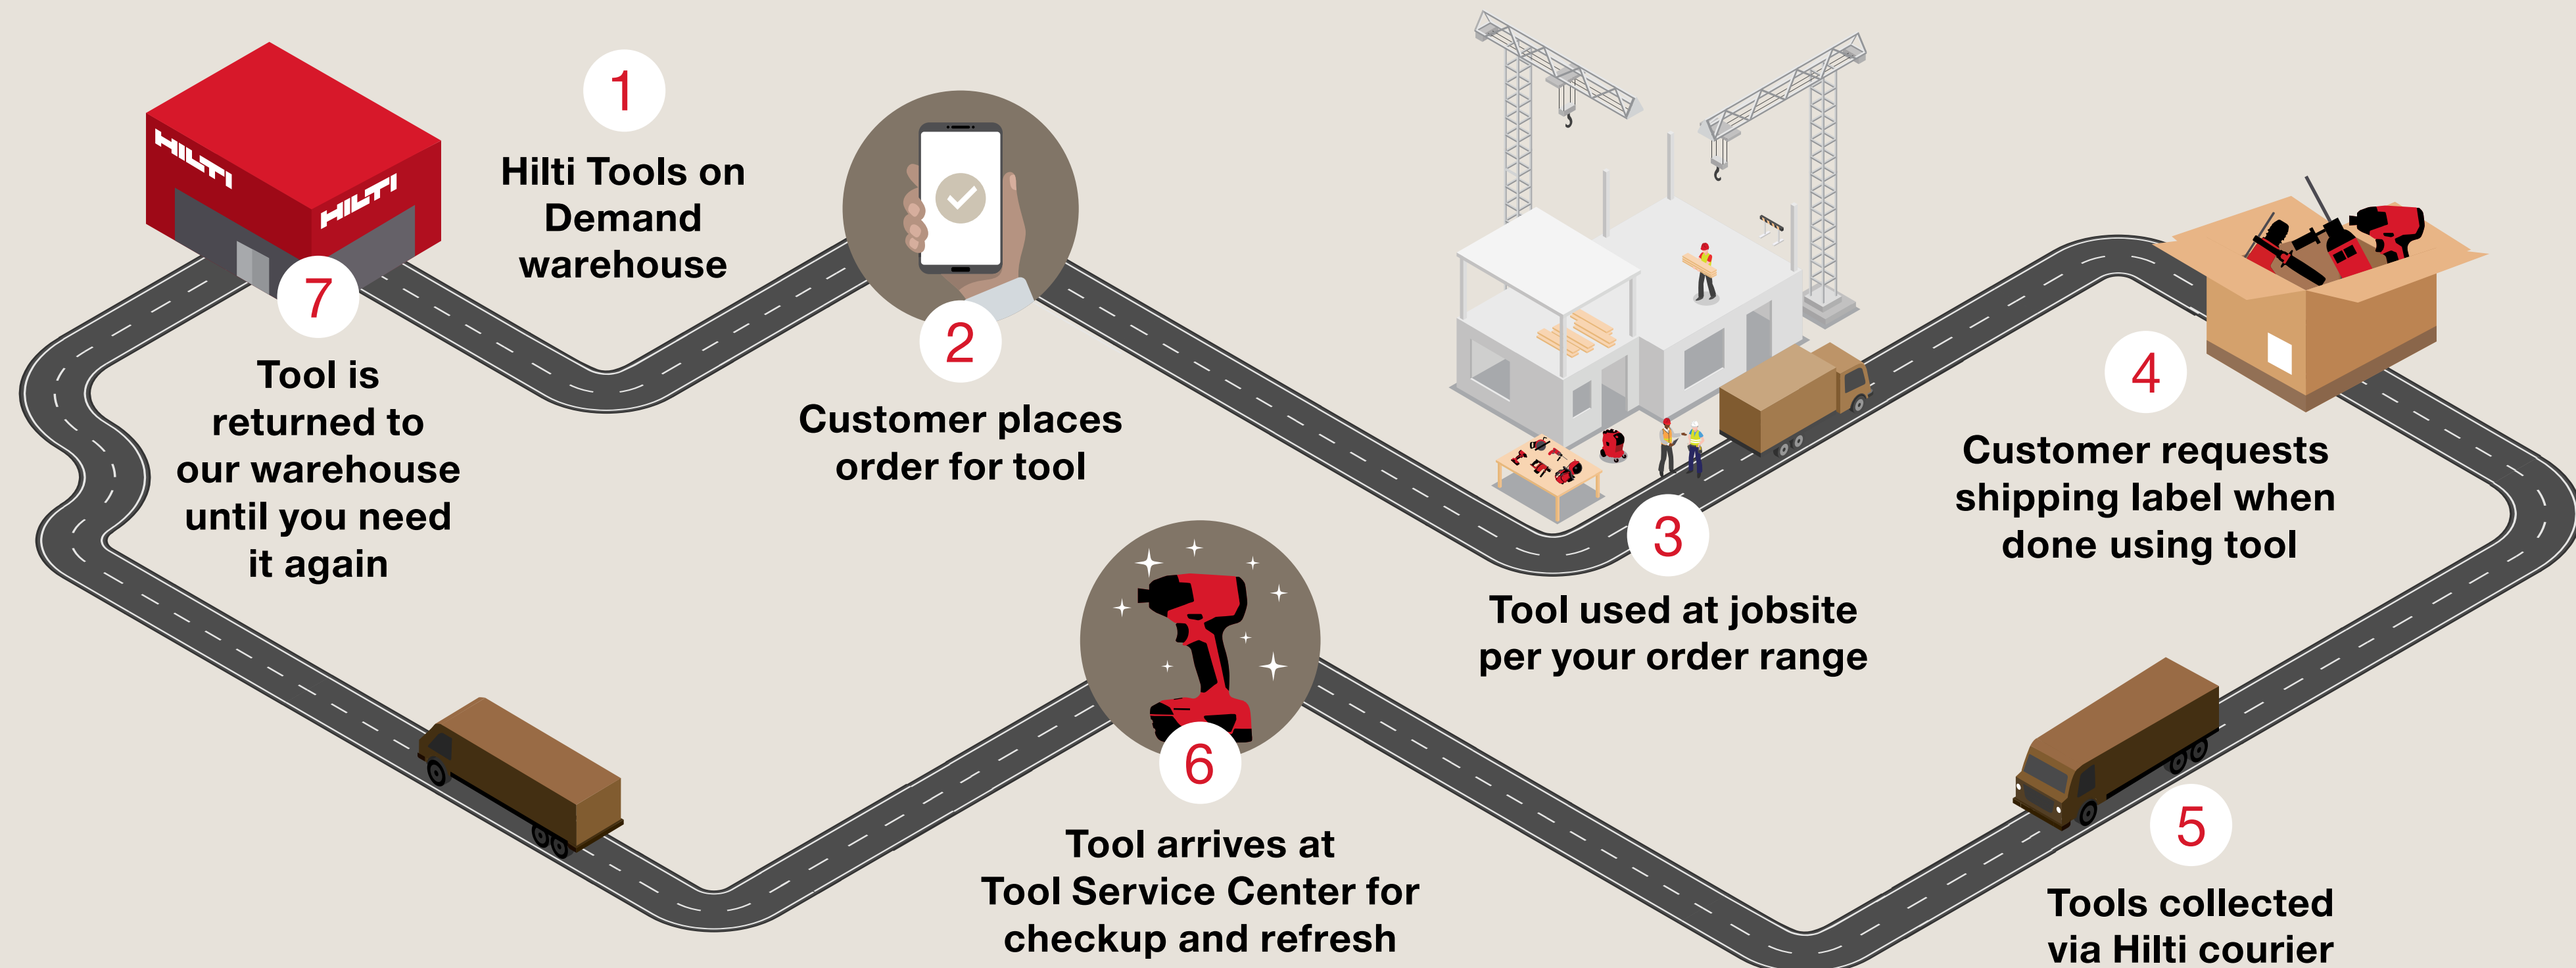

The flexibility to tool up or tool down to meet peak demands.

Small tool needs can fluctuate by job. With Hilti's Tools on Demand program through your Fleet account, you put Hilti's high-performing tools to work at just the right time to help minimize your total tool spend and save your headache of keeping up with underused tools or the need to purchase tools you only need for specific jobs.

Tools on Demand

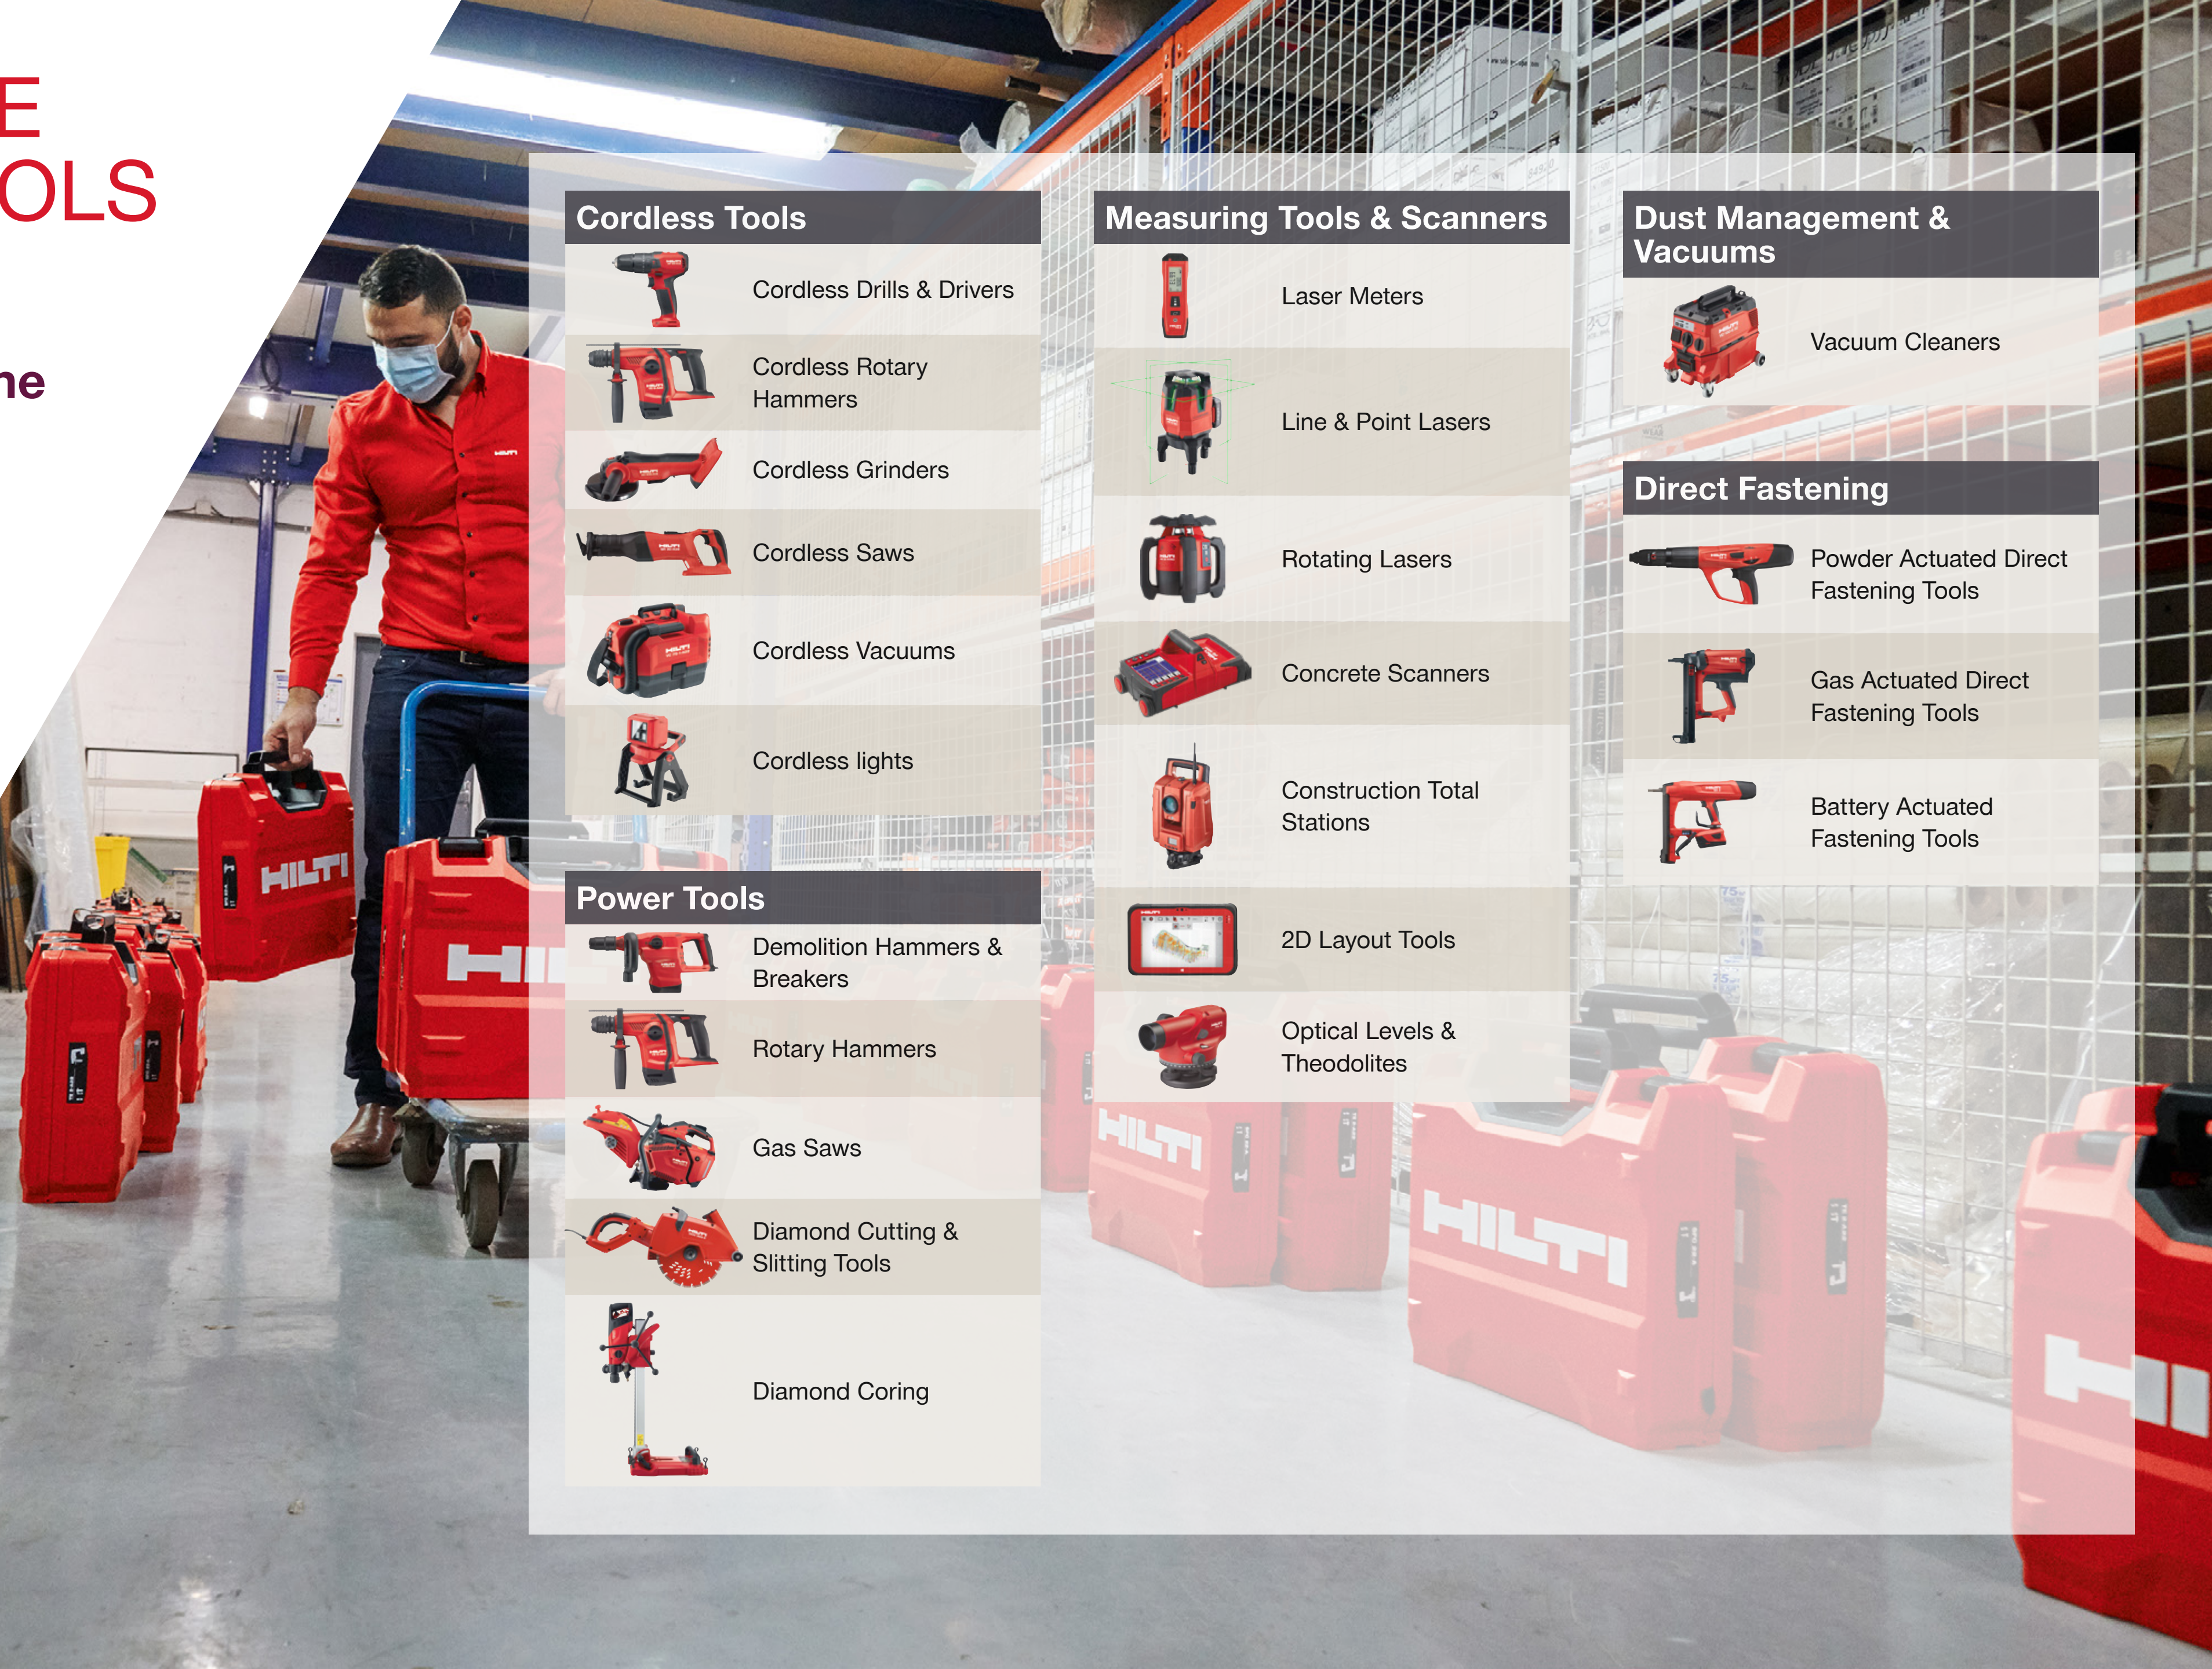

Here's how it works

WHAT TOOLS ARE AVAILABLE IN TOOLS ON DEMAND

Pick the tools you need for the length of time you need

With Hilti's Fleet Management, you have access to all Hilti tools for peak demand use under Tools on Demand program. Most tools have a one-month minimum usage time to meet those times when additional labour is needed on the jobsite. The flexibility of Tools on Demand allows you to accurately forecast tool needs and costs for project of varying length.

CUSTOMIZED TOOL SOLUTIONS

Optimize your tool park today.

Hilti's Fleet Management and Tools on Demand programs help enable you to optimize your company's tool inventory and overcome the headaches and costs of project tool needs. These two unique services allow you to maintain the core tools needed for everyday use with a flexible option to tool up or down based on project demand.

See why our customers chose our tools on demand program

As **owner** I don't need to **invest into back-up tools**. It also **supports circularity**. Reduce. Reuse. Recycle.

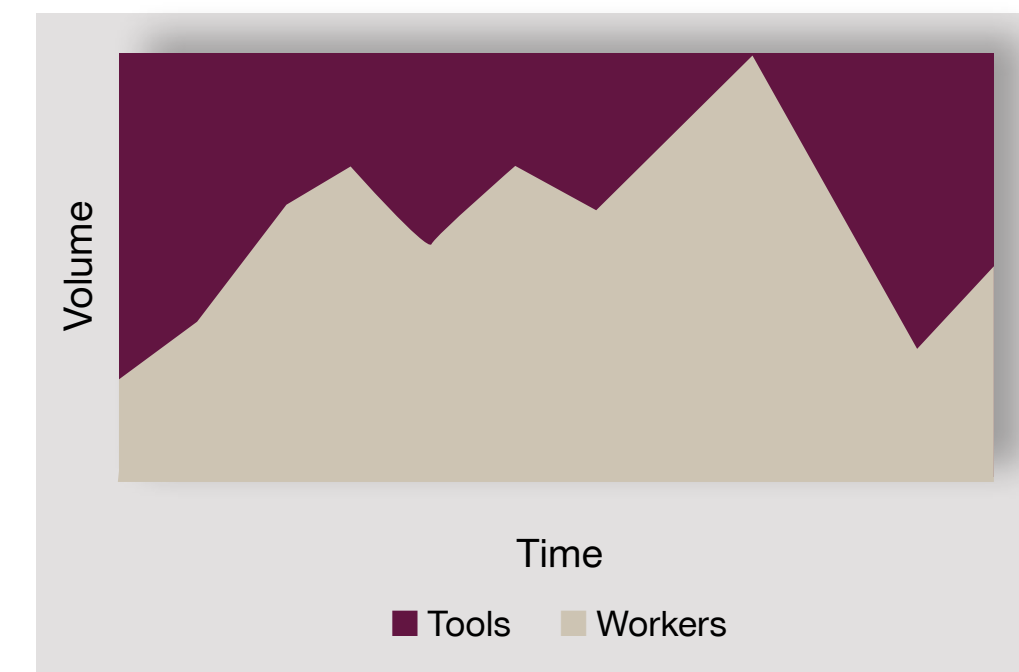

As **project manager** I have different mid-term tool needs over a **project duration** and require **increased speed**.

As **foreman** I need good quality tools even for a short period to cover **special application needs**.

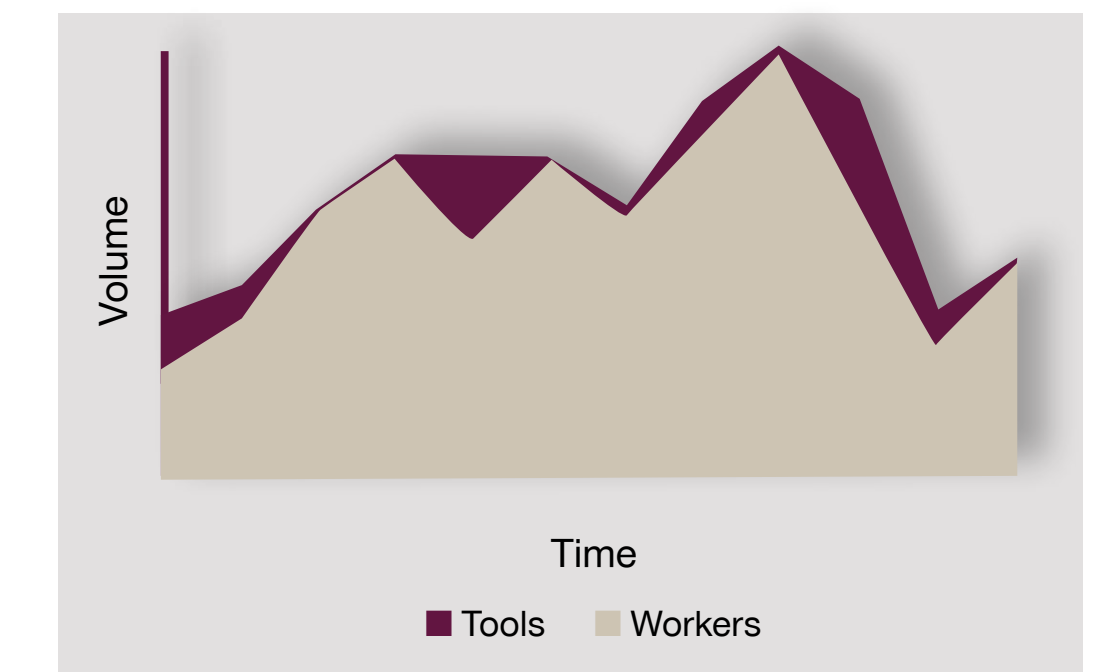

As **crib manager** I do not need to **manage or buy little-used tools**.

Contractors typically carry surplus tool inventory

Fleet Management and Tools on Demand contractors only carry and pay for what they need
