Hilti shall have the right to make delivery by installments of such quantities of the Goods and at such intervals as it may decide. Any defect in any installment shall not be a ground for cancellation of the remainder of the installments and the Buyer shall be bound to accept further deliveries thereof.

FREIGHT: Charged delivery service is offered to Hong Kong and Macau. Same day delivery service and /or special handling requirements will be subject to Hilti's prior written consent. Hilti must be notified of any order cancellation (inventory items only) one day before the cut-off time from the scheduled delivery date; or handling charge of 15% of the total value of the order (minimum \$200) will be applied.

RETURN POLICY: Hilti must be notified of all returns within 60 days from delivery. Goods must be in saleable condition to qualify for return. PRICE: Unless otherwise agreed, Hilti's price list may be subject to variation after taking into account of variations in wages, materials or other costs since the date of Hilti's quotation (or if no quotation is issued) the Buyer's order. Hilti accordingly reserves the right to adjust the invoice price after the price is quoted and the invoice so adjusted shall be payable as if it were the original Contract price. All prices are exclusive of Goods and Services Tax, taxes and all other applicable duties. The Buyer shall be liable for all and any local taxes or changes as appropriate.

Hilti has the right to invoice the Buyer for the costs of any packaging of the Goods or any additional costs resulting from any alteration made by the Buyer on or at the time of delivery or upon notification by Hilti that the Goods are awaiting collection.

INSURANCE: The cost of insurance for delivery of the Goods to the Buyer's premises in Hong Kong or Macau shall be in accordance with the charges laid out in Hilti's current price list.

In all other cases the price of the Goods shall be exclusive of insurance for delivery to the Buyer's premises.

ADDITIONAL COSTS: The Buyer agrees to pay for any loss or extra costs above the quoted price for the Goods which are directly or indirectly incurred by Hilti through the Buyer's instructions or lack of instruction or through failure or delay in taking delivery or through any act or default on the part of the Buyer, its servants or agents.

TERMS OF PAYMENT: Unless otherwise agreed, all payments due under any Contract must be made by the Buyer within 30 days from date of Invoice. The Buyer shall not be entitled to exercise set off, lien or any other similar right or claim.

If the Goods are delivered in installments, the Company shall be entitled to Invoice each installment as and when delivery thereof has been made and payment shall be due in accordance with above clause in respect of each invoice.

Any failure by the Buyer to pay any due installment or to give delivery instructions in respect of any Goods shall cause the whole of the price for Goods already manufactured at the time of such default, to become due forthwith without any

invoice. Prompt payment shall be a condition precedent to future deliveries of the Goods due under any Contract. Goods sold on credit are subject to prior approval of Hilti's Credit Department.

**PASSING OF TITLE
AND RISK:**

From the date of delivery to the Buyer the Goods shall be at the risk of the Buyer who shall be solely responsible for their custody and maintenance, but unless otherwise expressly agreed in writing the Goods shall remain the property of Hilti until all payments due to Hilti from the Buyer under the Contract or any other contract have been made in full unconditionally and credited to Hilti's account.

In the event of any resale of Goods by the Buyer the beneficial entitlement of Hilti shall attach to the proceeds of the sale or other disposition thereof, so that such proceeds or any claim thereof shall be assigned to Hilti.

In the event of failure to pay the price of the Goods in accordance with the Contract, Hilti shall have the power to re-sell the Goods, such power being additional to (and not in substitution for) any other power of sale arising by operation of law or implication or otherwise and for such purpose Hilti and its servants and agents may forthwith enter upon any premises or land occupied or owned by the Buyer to remove the Goods.

Pending payment of the full purchase price of the Goods, the Buyer shall at all times keep the Goods comprehensively insured against loss or damage by accident, fire, theft and other risks usually covered by insurance in the type of business for which the Goods are for the time being used in an amount at least equal to the balance of the price for the same time to time remaining outstanding.

- Providing facilities such as power and lighting necessary to perform the services as contracted;
- Ensuring that the designated premises are free from health and safety hazards; and
- The death or personal injury to Hilti personnel or loss of property of Hilti, its personnel and subcontractors whilst on the designated premises except where caused by Hilti's or its subcontractor's negligence

WARRANTIES:

Except as provided for in these Conditions, and to the fullest extent permitted by law, any warranties, (whether express or implied by statute or common law or howsoever) including without limitation those of satisfactory quality or of fitness for a particular purpose (even if that purpose is made known expressly or by implication of the Company) are hereby excluded.

All Goods are sold with the benefit of and subject to the conditions of the warranty supplied with them, which is available for inspection on request.
